

Today's Open House

This meeting focuses on the 15-mile segment between the Snake River Bridge near Marsing and the Karcher Interchange in Nampa.

For this segment, the project team will:

- **Develop solutions for safe and efficient travel.**
- **Create an access management plan for the corridor.**
- **Build consensus among cities, counties, highway districts and the public regarding:**
 - Corridor preservation
 - Corridor improvements
 - Access limitations
 - Corridor function
